

GENERAL INFORMATION

Venue

University of Bonn
Am Hof 1, 53113 Bonn, Germany

Date

15-17 March 2021

Conference Website

www.parasitology-meeting.de

Conference Chair

Prof. Dr. Achim Hörauf
Universitätsklinikum Bonn
Institute of Medical Microbiology, Immunology and
Parasitology

Local Organising Committee

Achim Hörauf	Kenneth Pfarr
Beatrix Schumak	Manuel Ritter
Marc Hübner	Ute Klarmann-Schulz
Patricia Korir	Laura Layland-Heni
Anna Albers	Tomabu Adjibimey

External Committee (DGP Board)

Susanne Hartmann (Berlin)
Markus Engstler (Würzburg)
Georg von Samson-Himmelstjerna (Berlin)
Klaus Brehm (Würzburg)

Conference Organisation

Conventus Congressmanagement & Marketing GmbH
Robert Deubler
Tel. +49 3641 31 16-332
parasitology@conventus.de
www.conventus.de

Industrial Exhibition

The international meeting will be accompanied by a special-ised industrial exhibition. Interested companies are invited to request information on the exhibition modalities from the conference organisation Conventus.

DGP 2021 BONN

29th ANNUAL MEETING
OF THE
GERMAN SOCIETY
FOR PARASITOLOGY

15-17 March 2021

UNIVERSITÄT **BONN**

CALL FOR ABSTRACTS

www.parasitology-meeting.de

WELCOME NOTE

Dear Colleagues,

The year 2020 presented us with an enormous challenge – Covid-19. Sadly, our meeting had to be cancelled less than a week before the actual date. At this point, I would like to thank all who have shared parts of the high cancelation costs, which nobody would have covered otherwise.

We hope that one year later the epidemiologic situation allows us to meet face to face again for the DGP 2020→2021. Therefore, we cordially invite you to the renewed 29th Annual Meeting of the German Society of Parasitology (DGP), which will take place March 15–17, 2021 in Bonn, a city with more than 2.000 years of history and whose diverse roles are reflected in its several names: “Beethoven City”, “City of the United Nations on the Rhine” and “Federal City”, the latter in recognition of its role as the former capital. Today, Bonn is at the very center of science.

The Friedrich Wilhelms University, founded in 1818, is one of the oldest and most traditional universities in Germany and offers us the former Electoral Palace, an ideal conference center in the heart of Bonn.

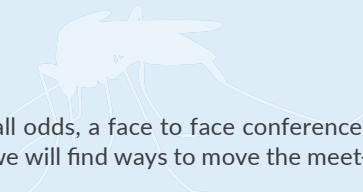

This year's focus is on combating neglected tropical parasitic diseases under the 2030 Agenda for Sustainable Development Goals (SDGs), helminth immunology, drug development and One Health approaches. Additionally, we provide a diverse and interdisciplinary programme within the fields of parasitology and veterinary medicine with sessions on vectors and entomology, veterinary parasitology, wildlife parasitology, parasite immunology, parasite-host interactions, parasite molecular biology, emerging parasitic diseases as well as clinical parasitology.

In addition to our colleagues active in research and the clinic, we would like to cordially invite young scientists to actively participate, who will benefit from discounted fees and have the chance to win awards for the best presentations.

We look forward to welcoming you in Bonn!

With best regards
Achim Hörauf

PS: In case, that against all odds, a face to face conference will still not be possible, we will find ways to move the meeting into digital space.

KEYNOTES, ABSTRACTS AND REGISTRATION

Keynote Topics

- NTD elimination against the background of the 2030 SDG goals
- Anti-helminthic drug development
- One health
- Helminth immunology

To view the latest programme please visit www.parasitology-meeting.de.

Keynote Speakers

Maria Flachsbarth (Berlin)
Susanne Hartmann (Berlin)
Marc Hübner (Bonn)
Jennifer Keiser (Basel/CH)
Mwele Malecela (Geneva/CH)
Eleanor Riley (Edinburgh/GB)
Sabine Specht (Geneva/CH)
Nathalie Strub-Wourgaft (Geneva/CH)
Georg von Samson-Himmelstjerna (Berlin)
Christoph Wilhelm (Bonn)
Andrea Winkler (Munich)

Abstracts

We cordially invite you to submit your abstracts for poster and/or oral presentation online at www.parasitology-meeting.de to the topics below.

- Parasite immunology
- Vectors and entomology
- Parasite-host interactions
- Parasite molecular biology
- Veterinary parasitology
- Drugs and drugs development
- Epidemiology and emerging parasitic infections
- Clinical parasitology
- Wildlife parasitology
- Genomics/post-genomics

The deadline for abstract submission is **01 November 2020**.

Registration

The registration portal will open in fall 2020. Please register online at www.parasitology-meeting.de and take advantage of the early bird deadline until **16 January 2021!**
